# 1. Introduction

## 1.1 Preface

Dear Customer,

Thank you very much for purchasing the products. In the digital era, this product is a great home entertainment partner. With the outstanding design, you can enjoy movies and music, and view photos of precious moments.

This player has the following functionality:

Video Decoder:

MPEG1: (Max Bitrate 100Mbps)

MPEG2: (Max Bitrate 100Mbps)

MPEG4-XVID: (Max Bitrate 100Mbps)

DIVX: (Max Bitrate 100Mbps)

H.264: (Max Bitrate 70Mbps)

H.263: (Max Bitrate 100Mbps)

WMV9/VC-1 (Max Bitrate 100Mbps)

RMVB (Max Bitrate 100Mbps)

Max Frame Rate: 30fps

Max Resolution: 1920 x1280

Video File Format:

MKV, MP4, VOB, RM/RMVB, MPG, M2TS, FLV, AVI, ASF, TS/TP, MP4/M4V, MOV, WMV

Subtitle supported –SRT, ASS, SSA, SUB, SMI format

Music Playback - Mp3 WMA OGG FLAC (Lever0 – Lever8) APE AAC  
AC3 (Ac3 only) ATRA DTS (Dts only)

Photo Playback - JPEG PNG BMP GIF

- supports slide show mode, rotate, zoom function.

Media Device - supports external USB HDD or U disc and SD/MMC memory card

We hope that this product will bring you a lot of enjoyment. We are committed to apply multimedia technology in your work, entertainment, family, daily life and everywhere!

Welcome to us. Thank you again for choosing our product.

## 1.2 Package Contents

Upon opening the shipping box, you should find the following items:

Note:

The actual contents in the package might be different from the above list sheet in this manual.

## 1.3 Caution

This player's design and manufacture has your safety in mind. In order to safely and effectively use this player, please read the following before usage.

### 1.3.1 Power

The player's power voltage: 100-240V AC

When using this player, please connect the power cable to the player's power jack to the power supply. When placing the power cable, make sure it can not get damaged or be subject to pressure. To reduce the risk of electric shock, unplug the adapter first before cleaning it. Never connect the player in a humid or dusty area.

### 1.3.2 Radio interference/compatibility

If not properly shielded, almost all electronic devices will get radio interference.

Under some conditions, your player might get interference. The design of this player has followed the FCC/CE standard, and has followed the following rules:

This player may not cause harmful interference;

This player could accept some interference received including interference that may cause undesired operation.

### 1.3.3 Repair

If the player has a problem, you should take it to an appointed repair center and let the specialists do the repair, never repair the player yourself, you might damage the player or endanger yourself or your data.

### 1.3.4 Disposing of the player

When you dispose of the player, be sure to dispose it appropriately. Some countries may regulate disposal of electrical device, please consult with your local authority.

### 1.3.5 Others

When using this player, please do not let the player come into contact with water or other liquid, if water is accidentally spilled on the player, please use a dry cloth to absorb the spillage. Electronic products are vulnerable, when using please avoid shaking or hitting the player, and do not press the buttons too hard. Do not let the player come into contact with water or other liquid.

Do not disassemble the player; repair the player or change the design of the Player, any damage done will not be included in the repair policy.

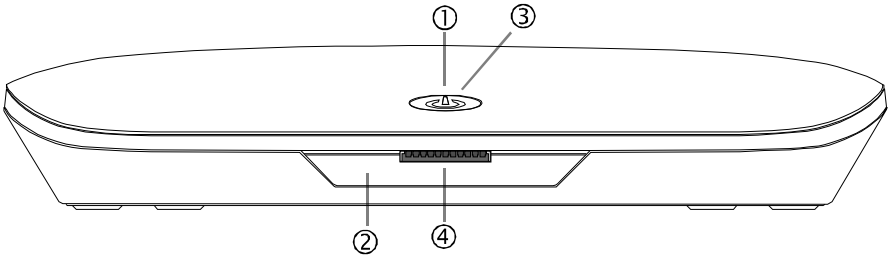

Do not press the buttons of the player too hard.

Avoid hitting the player with hard object, avoid shaking the player, and stay away from magnetic fields.

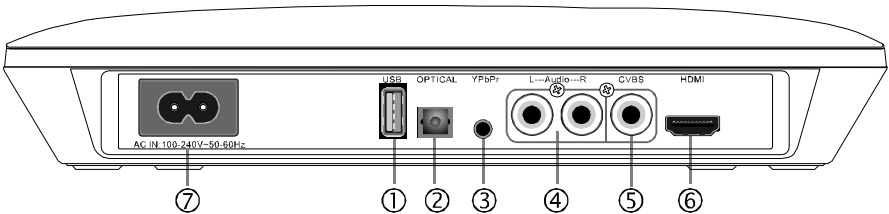

During electrostatic discharge and the strong electromagnetic field, the product will malfunction, and then unplug the power cable and the product will return to normal performance next time it is powered on.

## 2. About the Player

### 2.1 Product Overview

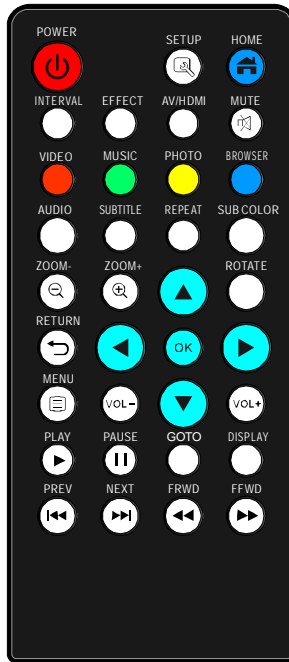

Item	Name	Description
1	Power on/off	Power on/off, long press to power off.
2	IR reciver	Remote must be toward IR reciver
3	Indicatory Light	Working or standby
4	SD card slot	Insert SD card into this slot

Item	Name	Description
1	USB	USB jack
2	OPTICAL	Digital audio signal output
3	YPbPr	YPbPr output
4	R-Audio-L	Stereo audio output
5	CVBS	CVBS output
6	HDMI	HDMI jack
7	AC IN	AC in jack for power connection

## 2.2 Remote Control

### 2.2.1 Remote control functions

Item	Key name	Description
1	Power	Power on/off
2	Setup	Enter setup menu
3	Home	back to main menu
4	Interval	Select interval mode during photo slide show
5	Effect	Select effect mode during photo slide show
6	AV/HDMI	Toggle between AV output or HDMI output
7	Mute	Mute volume
8	Video	Enter video files list
9	Music	Enter music files list
10	Photo	Enter photo files list

11	Browser	Enter Browser list
12	Sound	Toggle between available audio channels
13	Subtitle	This button toggles between available subtitle languages
14	Repeat	Select repeat mode
15	Sub color	Select subtitle color
17	Zoom-	Zoom out
18	Zoom+	Zoom in
19	Up	Cursor up/ move up one entry
20	Rotate	Rotate the photo display
21	Return	Back to parent menu
22	Left	Cursor left/ Skip up one page or back to top of page
23	Ok	Confirms selection of an item in the menu or start playback
24	Right	Cursor right/ Skip down one page or bottom of last page
25	Menu	Press to display operate menu during playback
26	Volume-	Press to decrease the volume
27	Down	Cursor down/ move down one entry
28	Play	Press to increase the volume
29	Volume+	Start to playback
30	Pause	Press to pause playback, and press again to resume
31	Goto	Select the Mark time and press Ok button to start playback at that point
32	Display	Toggle between time counter on/off when playback
33	Prev	Go to previous file
34	Next	Go to next file
35	FRWD	Fast reverse during playback
36	FFWD	Fast forward during playback

## 2.4.2 Replacing the Remote Control Battery

Remove the battery compartment cover by pulling the cover in the direction of the arrow.

Remove the battery.

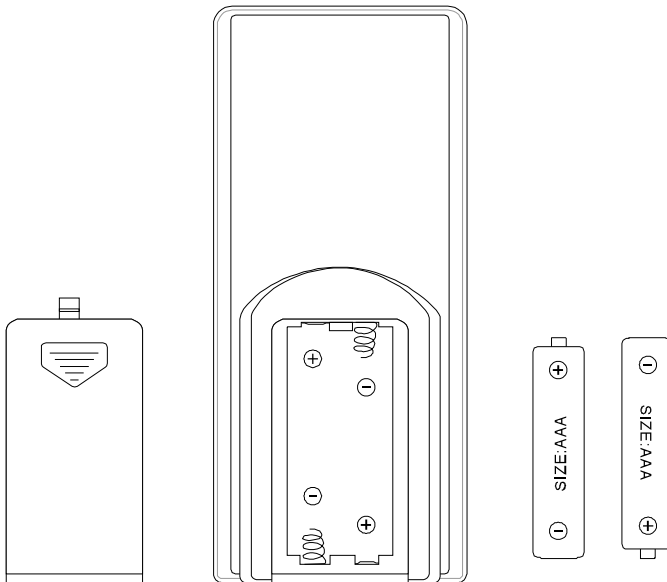

Insert two batteries (size AAA) making sure that the + and – ends of the batteries are matched to the +/– marks printed inside the battery compartment.

Reload the cover.

### **Note:**

Dispose of used batteries according to local ordinance regulations.

# 5. Appendixes

## 5.1 Specifications

Item	Description
Dimension	L250mm x W145mm x H42mm
wight	250g
Operating Temp	-20~ +40 C
Power Rating	15W
Power	AC100-240V
Video	Format: AVI, MKV, MP4, RM, RMVB, FLV, ASF
	Resolution: Up to 1920x1280p
	Subtitle: SRT, SSA, SMI
Music	Format: MP3, WMA, FLAC, APE, OGG, AAC
	Compression rate: MP3: 32 Kbps~ 320 Kbps; WMA: 32 Kbps~ 192 Kbps
Photo	JPEG, PNG, GIF, BMP
	Slide Show support, Zoom Rotate
Video Output	Composite, Component, HDMI (Version 1.1) up to 1080P/60HZ
Audio Output	Stereo RCA, HDMI, SPDIF Optical
TV System	PAL, NTSC, 720P, 1080I, 1080P/24HZ, 1080P/50HZ, 1080P/60HZ
USB Interface	USB 2.0 high speed port x 1
File System	FAT, FAT32, NTFS
Memory Cards	SD/MMC
USB Device	Up to 2T disk capacity

## 5.2 Frequently Asked Questions

1. My videos don't play at full screen. What could be the problem?

Many AVI file is different resolution, Please check your video's resolution and make the appropriate adjustments.

2. What is the largest memory card you support?

Generally, now our PLAYER compatible with brand card in market with multi memory size, such as 1G/2G/4G/8G/12G memory cards work fine.

3. I see an icon like a hand on the top left position of the monitor display and the remote will not respond right away. What is the problem?

If you see the hand icon, your PLAYER is busy or the button you pushed does not apply to the mode you are in. If your PLAYER does not respond right away to a button push, please wait a few seconds. Most likely, the PLAYER is busy processing files and will respond once it is ready.

4. Can I store and use photos, video, and music on the same memory card?

Yes. When you have multiple media types on a memory card, we recommend you put these into separate folders for easier management.

5. Can I play the content of just one folder?

Yes. Press LEFT/RIGHT button to select the Browser icon on the main interface to enter this menu, press UP/DOWN to select the folder you would like to play. Once you are inside that folder, press OK button to start play, press the REPEAT button to toggle the repeat folder option.

6. I cannot hear sound, or the noise is too loud.

Check whether the volume is set to "0". Check whether the AV cable is properly connected to the port. Check whether the media file is damaged.

Why I cannot find my DVD movie from video list?

DVD movie only can access from Browser file list. Pls. go to Browser, refer to 4.4.2

8. Why I connect VP3300 with amplifier to enjoy DVD with AC3, there is no surround sound?

Pls. Go to go to Setup-General Setup-Video Setup-Audio-SPDIF RAW

Pls. Remember to change SPDIF RAW to Analog if you don't use amplifier

why I cannot get music slideshow function

Music slideshow function only can access from Browser file list. Make sure your photo folder already with music files, Pls. go to Browser file list, go to photo folder, cursor highlight photo, then press M-Slide, refer to 4.4.1
